THE ORIGINAL ALL-WELDED ALUMINUM BOAT

THE XPRESS DIFFERENCE

The Original All-Welded. If you are not the original, than you will always be in the shadow of one.

CROSS SECTION: XPRESS HULL AND FLOORING

THIRD GENERATION OWNED AND OPERATED

From an old schoolhouse in Friendship, AR, to a state of the art manufacturing facility in Hot Springs, AR, Xpress Boats continues to be the innovator in high-performance, all-welded, aluminum boats.

ORIGINATOR OF THE ALL-WELDED ALUMINUM BOAT

Our founder, Farris Bryant took what was an inherent problem with riveted boats and established what would become the standard by which everyone else would follow by taking rivet-guns and bending aluminum to create a unibody constructed boat.

XCEPTIONAL PERFORMANCE

Xpress Boats engineers each and every one of their boats with performance and safety in mind. Where others may compromise, Xpress Boats prides itself on engineering the aluminum pad hull, longitudinal rib construction, and expanded frames for not only mass, but exceed Coast Guard Recreational standards.

PIONEERED THE HYPER-LIFT HULL

High-performance is a common phrase used in the boating industry yet there is only one who has pioneered and perfected the aluminum pad hull design commonly seen in the glass boat business. This hull is the foundation for the leader in the aluminum bass and bay boat market.

XTREME ENGINEERING

Each boat is designed with the highest standards and engineering practices, measured and manufactured to provide our customers with the strongest, most durable platform available, as opposed to fragile fiberglass. It is at this extreme level of engineering that we proudly put our name on each boat that leaves our facility.

HIGHEST RESALE VALUE IN THE MARKET

Xpress Boats maintains the highest resale value in the market due to its attention to detail, unibody construction rather than others who rivet their decks and components. Xpress Boats welds each boat from bow to stern, including decks and storage, which creates a product worthy of a lifetime of memories.

POSTERS

24x36" 1-sided, full-color poster on heavy duty gloss paper costs \$35.95 each + shipping. To order, call All American Signs and Graphics at 731-989-0023 and ask for Becka or Anthony. Provide credit card info and shipping address.
